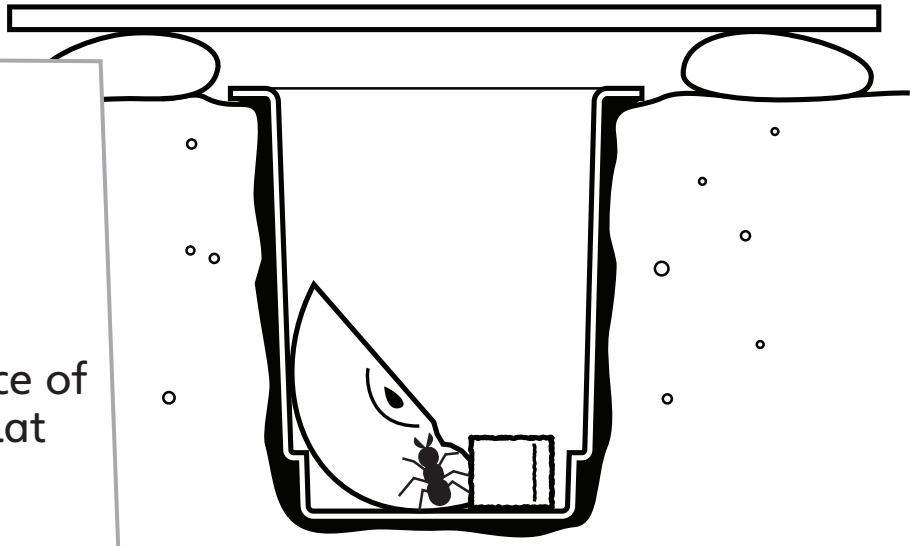
Yoghurt pot traps

Follow the instructions to make a yoghurt pot trap.



You will need:

- spade or trowel
- yoghurt pots
- small stones
- covering, e.g. piece of old carpet/slate/flat rock/lino
- sugar
- bit of apple

Instructions:

1. Choose locations for the yoghurt pot pit traps.
2. Dig a hole that is deep enough to hold a yoghurt pot.
3. Make sure the top of the yoghurt pot is level with, or slightly below, the surface of the ground.
4. Place the yoghurt pot in the hole and put three or four small stones round the edge to hold it in place.
5. Put the covering on top of the stones.
