

27th April 2018

Dear Parents and Carers,

Parent Questionnaire

Thank you to all the parents who have completed and sent back the parent questionnaires. We have received many positive comments and we value the areas suggested for development. We aim to ensure that we act on the areas suggested. Once the results are analysed these will be available to view on our school website:

Data Protection

The General Data Protection Regulation (GDPR) that comes into effect on the 25th of May 2018 requires schools to appoint a Data Protection Officer (DPO). Schools can decide to appoint this person individually, share one with other schools or (as in the case of our school) contract the role and responsibilities to a third party provider. Illuminate Learning Ltd has been contracted to provide the DPO services for your child's school. More information and frequently asked questions about the role of the DPO is being sent out with this newsletter.

Bullying

At Alexandra Park Junior School all forms of bullying (including cyber-bullying) will not be tolerated and all incidents will be taken seriously. Our aim is to teach children that they are responsible for their own actions and if they do anything wrong they must accept responsibility to put things right so that conflict reconciliation can take place. Concentrating on solutions.

Definition (Gov.uk and NSPCC and CHILDLINE)

Behaviour that is repeated and intended to hurt someone physically or emotionally (being called names, teased or humiliated, pushed or pulled, kicked, physically hurt, threatened or intimidated).

Please do visit our website for the full policy.

Head-lice

There has recently been a couple of cases of head lice identified in school and letters have been sent out. While lice are nothing more than a nuisance, it is important that you check your child's hair on a weekly basis so that any head lice are dealt with quickly and before they are allowed to spread. Effective treatments are available from any local pharmacy or supermarket. More information about treatment is available in school.
